

Documents required — Indian Passport

1. Fresh passport — Adult

For a normal adult fresh passport, the basic document set is:

Requirement	Typical document
Date of Birth (DOB)	Birth Certificate, or other accepted DOB proof
Proof of address	Aadhaar, electricity/water/telephone bill, rent agreement, bank photo passbook, etc.
Identity / photo identity	Aadhaar or another accepted identity document
Nationality	Supporting documents as required
Non-ECR proof , if applicable	Class 10/matriculation certificate or other qualifying document
Application	Online Passport Seva application
At PSK	Original documents + one set of self-attested photocopies

Passport Seva describes the basic requirements as **DOB proof, identity proof with photograph, residence proof and nationality proof**.

For example, Passport Seva accepts documents such as Aadhaar, electricity bill, water bill, telephone bill, rent agreement and certain bank passbooks as address proof.

2. Fresh passport — Minor

For a child under 18:

Requirement	Document
Child's DOB	Birth Certificate
Address proof	Parent's address proof can generally be used
Parents' passports	Advisable to carry original + self-attested copies if parents have passports
Parent/guardian declaration	Depending on circumstances
Parents' consent	Normally assumed from both parents
Child's photo	For children below 4 years , recent passport-size photograph is required
Application	Passport Seva application

Passport Seva specifically says that for minors, the **present address proof in the parent's name can be submitted**, and parents' passports should be carried if they have them.

There are special annexures for unusual situations—for example, where one parent doesn't provide consent.

3. Passport — Tatkaal

This is where things become different.

An adult applying under **Tatkaal** must provide the normal applicable documents **plus any three** documents from Passport Seva's specified acceptable list.

Examples include:

- Aadhaar
- PAN card
- Student photo ID
- Birth Certificate
- Ration Card
- Previous passport
- Voter ID
- Driving licence
- Bank/Post Office passbook with photograph
- SC/ST/OBC certificate
- Arms licence
- Pension documents
- Government/PSU/public-company service ID

For applicants **below 18**, any **two** documents from the specified list are required.

Simple way to remember

Normal Passport

Basic required documents

+

Extra identity/supporting documents

So **Tatkaal is not simply “pay more and get it faster”**—there are additional document requirements and certain categories are not eligible for Tatkaal.

4. Re-issue of passport

For re-issue, the **existing/old passport becomes an important document**.

Generally:

Situation	Main documents
Expiry / near expiry	Existing passport + required supporting documents
Address change	Existing passport + new address proof
Personal-details change	Existing passport + documents supporting the change
Spouse-name change	Marriage/divorce/death/re-marriage documents as applicable
Name change	Existing passport + prescribed name-change documents
Non-ECR change	Existing passport + Non-ECR supporting document

Passport Seva's current re-issue document advisory specifically asks whether the existing address has changed, whether the applicant qualifies for Non-ECR, employment category, etc., because the required documents vary accordingly.

For example, if you're **adding a spouse's name**, Passport Seva accepts either a marriage certificate or a joint photo declaration (Annexure J). For deletion of spouse name, a divorce decree/order is required.

5. Lost or stolen passport

This is a **special category**, so don't use the ordinary fresh/re-issue checklist.

You would generally need:

- Police report/FIR regarding loss/theft
- Affidavit/declaration relating to lost passport
- Copy/details of the lost passport, if available
- Identity/address/DOB documents as applicable
- Other documents requested by Passport Office

Passport Seva provides a specific **Annexure F — Affidavit for a passport in lieu of lost/damaged passport**.

Also, **lost/stolen passport cases are not eligible for Tatkaal** under the current Tatkaal restrictions.

6. Damaged passport

Again, this is a special re-issue category.

You would normally need:

- Damaged passport
- Identity/address/DOB documents as applicable
- Explanation/declaration regarding damage
- Additional documents depending on how serious the damage is

A passport **damaged beyond recognition is specifically excluded from Tatkaal**.

7. Diplomatic / Official passport

This is completely different from the ordinary citizen passport.

Diplomatic/Official passport applicants have special eligibility and documentation based on their **government/official assignment**.

For Non-ECR purposes, Passport Seva explicitly states that holders of Diplomatic/Official Passports don't need a separate Non-ECR document—the diplomatic/official passport itself is sufficient.
