

Passport Fees:

IN Indian Passport fees — India

The current fee structure is:

Service / Passport type	Normal fee	Tatkaal fee*
Adult – Fresh/Re-issue, 36 pages	₹2,500	₹5,000
Adult – Fresh/Re-issue, 60 pages	₹3,500	₹6,000
Adult – Lost/Damaged, 36 pages	₹5,000	₹7,500
Adult – Lost/Damaged, 60 pages	₹6,000	₹8,500
Minor (<18) – Fresh/Re-issue, 36 pages	₹1,750	₹4,250
Minor – Lost/Damaged, 36 pages	₹4,250	₹6,750
Emergency Certificate	N/A in India	N/A
Certificate of Identity	₹1,000	N/A
Police Clearance Certificate (PCC)	₹750	N/A
Surrender Certificate	₹750	N/A
Global Entry Program (GEP) verification	₹750	N/A
Other miscellaneous passport-based certificates	₹750	N/A

These amounts come from the **2026 amendment to the Passport Rules**, effective 1 July 2026.

* **Tatkaal fee is inclusive of the normal fee**, not an additional ₹5,000 on top of the normal fee. For example, an adult 36-page passport is **₹5,000 total under Tatkaal**, not ₹2,500 + ₹5,000. Passport Seva also confirms that Tatkaal applicants pay the entire applicable Tatkaal fee when making the online payment.

Special discount for minors and senior citizens

There is an additional **10% discount on passport fees** for:

- Fresh applications for children **up to 8 years old**
- Fresh applications for **senior citizens above 60 years**

The discount **does not apply to re-issue applications**.

So, for example, a fresh 36-page passport for a child ≤8 years would normally be ₹1,750, but with the 10% discount it becomes **₹1,575**.

What about Diplomatic / Official passports?

This is an important distinction.

Diplomatic/Official Passports have no fee according to Passport Seva's current FAQ.

So you should **not** treat "Diplomatic Passport" as another ₹2,500/₹3,500 commercial passport category.

One more important distinction for your RAG assignment

The above table is the **India/domestic fee structure**.

If your Visa & Passport Assistant is supposed to answer questions for an Indian citizen applying **from abroad**—for example, through an Indian Embassy/Consulate in the Netherlands—the fees can be different and are normally expressed in the local currency.

For example, the current High Commission of India, London fee page shows different GBP amounts effective 1 July 2026.

So for your RAG corpus, I would keep these as **two separate concepts**:

India application → ₹ fees

Application through Indian Embassy/Consulate abroad → local-currency fees

Best official source for your assignment

[Passport Seva — Official Government of India portal](#)

The official Passport Seva **Fee Calculator** is also available here:

[Passport Seva Fee Calculator](#)

For your assignment, **I would use the 2026 Passport Rules/fee notification as one of your PDFs**, because it gives you a clean authoritative source containing the actual fee table.
